

At Skull Bucket®, we keep it simple. Rise early, work hard and do it better. Our company stands on a rich tradition of men who cultivated the earth and others who protected it. We have grime under our fingernails, sweat on our brows and stand firm where others falter. We are the exception not the rule and our products are no different.

Only the authentic Skull Bucket® aluminum hard hat is crafted to quality without question standards. The Skull Bucket® tradition of superior protection and craftsmanship is forged into every hat that leaves our Texas facilities. Skull Bucket® bonds classic rugged styling with innovative technology and durability to create unparalleled head protection. At Skull Bucket®, we've got you covered.

Skull Bucket® bonds classic rugged styling with innovative technology and maximum durability to create unparalleled head protection in high risk environments.

At Skull Bucket[®], we've got you covered.

Extreme protection from chemical splash hazards, intense temperatures, and chemical, flash-fire and radiant heat. Applications include: chemical handling, petrochemical operations, hazmat response and high temperature environments.

Four-point Bucket Strap[™] Suspension System innovation combines high tensile nylon webbing with extremely durable lightweight stainless steel clips to effectively displace and transfer impact energy from our safety workhorse, the Authentic Skull Bucket[®].

Made from aerospace aluminum and designed with key reinforcement areas, Skull Bucket[®] hard hats are extremely lightweight, durable and UV stable.

Skull Bucket[®] custom hard hats are produced through the most advanced custom branding process in the industry providing you the opportunity to proudly represent your company from the top down in every environment.

Standard colors include UV resistant silver aluminum and nine additional powder coated options.

Custom colors offer UV resistant powder-coated options blended exclusively to meet brand specific color requirements.

Full Warranty - One Year Unlimited Skull Bucket[®] offers full replacement for any manufacture defects.
